

Sneak Peek: Of Two Minds Fall 2011 Lookbook

JULY 19, 2011

Los Angeles-based clothing line Of Two Minds has undergone some changes of late. Formerly helmed by Desanka Fasiska and Stephanie Tran, the line is now designed by Korean-Australian designer Sunjoo Moon, who has designed for both Missoni and Mugler. Given that Moon has lived and worked in various global locations, it is no surprise to see that Of Two Minds has taken on a global vibe. Though the fall 2011 lookbook is set in the American desert, you will see pieces that evoke the bohemian prints of an exotic locale like Bali, pieces that evoke the chic silhouettes of Paris, and pieces that are, naturally, teeming with Californian cool.
